MIL. & MISS. RAIL ROAD.

This road was opened for the transportation of Freight and Passengers on the 15th of April, 1857.

1857] Summer Arrangements. [1857

Between *Milwaukee and Prairie du Chien*, the Passenger trains run as follows, on and after May 4th, 1857

GOING WEST.

Leave Milwaukee at 7.30 A. M., accommodation train (running for the present to Madison only.) *Leave Milwaukee* at 11.15 A. M., day *Express* connecting at Janesville with the Express Train which leaves Chicago at 10.50 A. M., and arrives at Prairie du Chien at 9.15 P. M., connecting there with one of the new and superior Packets, which leaves immediately for all points on the Mississippi above Prairie du Chien.

Leave Milwaukee at 8 P. M. on the arrival of the Lake Shore cars from Chicago, and at Janesville connecting with a train from Chicago over the St. Paul R. R., and arriving at Prairie du Chien at 7.20 A. M., where it will connect with boats for the Upper Mississippi.

These trains in connection with the Prairie du Chien and St. Paul daily line of Packets, will place passengers at least 10 hours in advance of the routes via Dunleith, to any point above Prairie du Chien on the Mississippi River.

GOING EAST.

Passenger trains leave Prairie du Chien at 7.40 A. M. and 4 P. M., connecting at Janesville with trains over the St. Paul Road to Chicago.

The 7.40 A. M. train arrives at Milwaukee in time to take the night boat to Chicago.

The 4 P. M arrives at Milwaukee in time for the morning train on the Lake Shore Railroad for Chicago.

The 7.40 A. M. train via Janesville, arrives in time at Chicago for the 8.30 P. M. trains on the Southern and Central Michigan and Fort Wayne Railroads to all Eastern points, and the 4 P. M. train from Prairie du Chien arrives via Janesville in Chicago, in time for the early morning trains on all the Eastern and Southern Railroads.

The price from Chicago to and from Prairie du Chien is $4,75 either by way of the St. Paul Railroad and Janesville, or by the Lake Shore Railroad via Milwaukee, but via Milwaukee and by the Boats is 57 cents less

The price between *Milwaukee and Prairie du Chien* will be $5,75.

Leave Madison at 7.30 A. M. for Milwaukee, arriving in time for the afternoon train on the Lake Shore Railroad to Chicago; also connecting at Janesville with the St. Paul Railroad, by which passengers reach Chicago in time for the 3 P. M. trains going East.

FREIGHT trains run each way over the entire length of the Road daily.

The Rates on the River from Prairie du Chien to all points, are the same *in proportion to distance* as from Galena. There will be no charges at Prairie du Chien for storage or shipping.

Passengers by Davis & Moore's line of Stages will be conveyed to and from the several stations on the arrival and Departure of the cars to Galena, Mineral Point, Dodgeville, Richland City, and to Baraboo, and Sauk City.

PITTSBURG, FT. WAYNE & CHICAGO RAILROAD!

THIS New and Direct Route now open to New York, Boston, Pittsburgh, Philadelphia, Baltimore and Washington City, Cleveland, Dunkirk, Buffalo, Niagara Falls, and all Eastern Cities, Cincinnati, Columbus, Dayton, Springfield, Urbana, Zanesville, Steubenville, Newark and Wheeling, and all interior towns of Ohio, Pennsylvania, Virginia, Maryland, New Jersey, &c., making one grand unbroken Rail Road line between

CHICAGO AND THE EAST.
FARE AS LOW AS ANY OTHER ROUTE.

☞ Passengers wishing to go by this desirable and pleasant Route, should be particular and ask for Tickets by Fort Wayne, avoiding the annoyance of re-checking baggage as by other Routes.

Trains leave Depot on VAN BUREN ST., daily as follows:
7.00 A. M. 8.15 P. M.
With but one change of cars to Pittsburgh.
CHECKING BAGGAGE THROUGH

To Pittsburgh, Philadelphia, Baltimore and New York. Connecting directly with trains on the great Pennsylvania Central Railroad, to all Eastern cities. Also, with Cleveland and Columbus Railroad to Cleveland, Dunkirk, Buffalo, Niagara Falls, via New York Central and New York and Erie Railroads to New York and Boston.

Persons going East will find this route by far the most desirable both from the advantage in point of distance, variety and beauty of the country through which the roads pass, as well as the less frequent changes of cars, and the annoyance of re-checking baggage required by other routes.

Facilities for the transportation of Freight and Live Stock by this route, are unsurpassed. Rates as low as any other route, and with equal dispatch.

Tickets for sale at all the principal ticket offices at the West, and at the Company's Office, No. 30 Dearborn St., opposite the Tremont House, Chicago, and at the office of the Lake Shore Railroad, Milwaukee, by A. G. Leland.

Also connects at Michigan City, (except Saturday) direct, with trains on N. Albany & Salem R. R. for New Albany, Indianapolis, Cincinnati, Dayton, Columbus, Zanesville, Bellefontaine, Union, Wheeling, Baltimore, Washington and Philadelphia.

☞ The trains on the Chicago, Burlington & Quincy, Galena & Chicago Union, Illinois Central and Michigan Central Railroads run into the same Depot at Chicago, saving the expense to passengers of hack hire and transfer of baggage.

The 7.40 a. m., 8 30 p. m. and 9.15 p. M. trains make direct connections at Toronto with the

Grand Trunk Railway,

To Kingston, Ogdensburg, Montreal, Quebec, and all points in Canada East, Northern Vermont, New Hampshire and Maine.

It is well known by the travelling public that this Road has no competitor of equal facilities from Chicago to Niagara Falls, New York, Ogdensburgh, Montreal, &c. &c.

The only train that leaves Chicago Saturday night is over this route, 9.15 p. m. One train Sunday, at 9.15 p. m. No 8.30 train Saturday.

New Line of Propellers.

BUFFALO, CLEVELAND AND CHICAGO LINE.
1857 1857

During the season of Lake navigation of 1857, the following named Propellers will run between Buffalo and Chicago, touching at Cleveland and intermediate ports, forming a tri-weekly Line for the transportation of freight and passengers:

Propeller	FOUNTAIN CITY	800	tons burthen.
do	GALENA	750	do
do	DACOTAH	750	do
do	MENDOTA	750	do
do	WENONA	750	do
do	EVERGREEN CITY	650	do
do	CUYAHOGA	650	do
do	KENOSHA	650	do

All of the above vessels are new, having been built within the past year, expressly for the Upper Lake trade, and are of great strength, of hull and power of engine, securing to shippers of freight greater despatch, and a low rate of insurance than any other line.

They will be fitted out with all the modern improvements introduced for the safety of passengers and freight, with spacious and well arranged cabins for families and emigrants, affording them the cheapest, safest and quickest transit from Buffalo and Cleveland to ports on the west shore of Lake Michigan.

The vessels of this line will run in connection at Buffalo with the

NEW YORK CENTRAL RAILROAD,
AND THE
Troy and Western Line of Canal Boats,
On the Erie Canal; at Cleveland with the
Cleveland, Pittsburgh & Wheeling Railroad,

Furnishing each of these companies tri-weekly accommodations for the shipment of freight and passengers.

With these facilities the proprietors respectfully solicit a share of public patronage.

400 Desirable Dwelling Lots For Sale.

THE SUBSCRIBER has completed the survey and plat of his subdivision in the Eighth Ward, and now offers them for sale. These lots are within ten minutes walk of the Harbor, the Beloit, Lake Shore and the Milwaukee & Mississippi Depots, about the same distance from Walker's Point bridge as Chestnut and Division streets on the north.

These lots are situated upon a level plateau commanding a beautiful view of the City, Bay and surrounding country. The soil is sand and gravel loam, sufficiently rolling to afford drainage without deep cuttings. The location is every way desirable for pleasant homes. The Ward already numbers some of the best dwellings in the city and for salubrity and beauty of location, ranks second to none in the city.

Great inducements will be offered to parties intending to build the present season, and to all persons wishing to make investments, that are certain to speedily return several hundred per cent profit, an opportunity is now offered.

It is confidently believed that no property has been offered for sale in this city within the last five years promising so certain and large an advance.

The public are invited to examine the property, an agent will be on the grounds from 9 to 12 A. M., each day, to give all necessary information.

THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON,
PROPRIETORS.
Under the Name and Firm of Rufus King & Co.

MILWAUKEE:

Friday Morning, May 29.

News By Telegraph.

The flour and wheat market yesterday in New York, exhibited another advance.

The steamship *Arabia*, with one week's later dates from Europe, arrived at New York yesterday. A synopsis of her news will be found under the Telegraph head.

The defeated filibuster, Walker, on his return to New Orleans, had a good reception from his admirers, and insisted that "victory was sure!"

Lt. Strain, whose intensely interesting narration of the Darien Isthmus all remember, is dead.

Jenkins, the Navigator's Island Consul, has been released from arrest at Washington.

The Corn Exchange.

The Corn Exchange has been re-organized, and is now in regular operation. L. H. KELLOGG has been chosen President, and A. J. AIKENS, Secretary, and the old Constitution and By-Laws have been adopted. The hour of the meeting is from 9 to 10 A. M., and by an arrangement with the Board of Trade, the business will be transacted at their rooms in the Newhall House, members of the Exchange paying their fees as members of the Board of Trade.

We cannot refrain from again urging upon our dealers in produce, shippers, vessel owners, &c., to unite heartily in this arrangement, believing as we do, that it will be for their mutual convenience and advantage, and the best interest of all as a business community. As, at present, the port from whence is shipped the largest amount of wheat and flour on the line of the Lakes, it is right that business should be conducted with some regard to the principles which govern in other places, having been fixed for mutual convenience. What objections there are still existing in the minds of the very few who do not unite in the movement, we do not know, and we hope that there may, in a few days, be entire unanimity in the matter.

Senator DURKEE, and his brother, HARVEY DURKEE, late President of the State Agricultural Society, and both farmers upon an extensive scale, were present at the Exchange yesterday, which was largely attended, and quite a number of new members was enrolled.

The New Freight Route.

The merchandize already arriving at this port, bound for Iowa and Minnesota, is considerable, and must very rapidly increase henceforward, as soon as the enterprising merchants in that growing region fully appreciate the fact that they can save both time and money by sending their goods this way.

As to the saving of *time*, there is the distance between this port and Chicago, and between Chicago or Dunleith and Prairie du Chien certainly saved. But this does not tell the whole story, as the experience of hundreds of Western merchants who had their goods delayed last year on the Illinois roads for weeks amply attests.

There is a saving of *risk*, of course, in the diminished time and distance of water transportation.

As "time is money," here, there is abundant reason for choosing the route *via* this city; but this is not all—there is an absolute saving of *money*, since there are no charges for dockage or cartage at this port, and no dockage or warehouse charges by the Mil. & Miss. R. R. Co. at Prairie du Chien, while these charges at Chicago and Dunleith amount to $1,75 or $2,00 per ton of goods, which is no inconsiderable amount to a merchant doing a large business.

With these advantages in our favor, it would be strange if Milwaukee should not be the principal point of transhipment of merchandize going from the East into northern Iowa and all Minnesota, and the amount of goods now on its way into these regions is immense, and rapidly augmenting from month to month.

MICHIGAN JUDICIAL ELECTION.—The official returns of the election of the four new Supreme Court Judges in Michigan, show an average vote of about 90,000, and an average Republican majority of 12,200.

The full returns of our Judicial election showed a vote of 95,000, and a majority for Judge Whiton, supported by the Republicans, of about 12,700.

DEATH OF TWO U. S. SENATORS.—The telegraph announced, a day or two since, the death of Senator JAMES BELL, of New Hampshire, on the 26th instant. Our Cincinnati exchanges contain a dispatch from Augusta, Georgia, mentioning the death by dropsy, on the 25th inst., of Senator BUTLER, of South Carolina.

RACINE AND MISSISSIPPI R. R.—The N. Y. *Tribune* of the 25th contains the following extraordinary card, which the *Wisconsin* of Wednesday makes haste to republish:

> We have received the annexed card from the President of the Racine and Mississippi Railroad:
>
> The Milwaukee *Sentinel* says: "A portion of the Racine and Mississippi Railroad, at a point some seventeen miles west of Racine has sunk entirely out of sight, interrupting the running of the trains. The hole is a bad one and it will cost a good deal of money to fill it."
>
> OFFICE OF THE RACINE AND MISS. R. R. Co., }
> NEW YORK, No. 41 Exchange-place, }
> May 23, 1857. }
>
> The above paragraph having gone the rounds of the press, and my notice having frequently been called to the same, I have at length deemed it proper to say, that the whole thing has sprung from the trival circumstance of the settling of a few feet (less than one hundred) of our track at the point indicated, and which we have long expected. So far from its having "interrupted our trains" or "cost a good deal of money to fill it," the statement is both malicious and contemptible, as the same caused no interruption and cost less than $300 to fill it solid and permanent.—Such places are by no means rare, as at least two of the Milwaukee roads can testify from experience.
>
> H. J. DURAND, President.

The paragraph complained of was founded upon information derived from responsible men who had passed over the road. The sink-hole in question interrupted the running of trains for some days; and we copied, by request, from the Racine *Journal* a notice that the break had been repaired, and the trains were running again. So much for the facts. Mr. DURAND's charge that the statement in the *Sentinel* was "malicious and contemptible," is both untrue and impertinent.

A PROFITABLE BRIDGE.—The gross receipts of the Niagara Suspension Bridge for the year ending April 1st, were $41,973, and the disbursement $4,597, leaving a net revenue of $37,366. Of this amount the Great Western Railway pays regularly every year the sum of $25,000, and pays besides all cost of repairs to the roadway for the trains. In 1856 the Company declared three dividends, aggregating 15 ℔ cent, and a dividend of 5 ℔ cent has already been declared this year.

LA CROSSE AND MILWAUKEE R. R.—The Portage City *Record* states that more than 3000 laborers are now at work on the La Crosse and Milwaukee R. R., between Portage and the Mississippi, and that the work is being pushed with the greatest energy.

AN EXCITED EDITOR.—At a recent dinner given by Capt. PRATT, on board the steamer *Western Metropolis*, of the Southern Michigan Line, in honor of the opening of the season, a Buffalo editor became so excited, as to express a desire that the first trip of the season might occur every week.

GERMANS IN NEW YORK.—The Germans in New York city number 100,000 souls. They have 20 places of worship, 50 schools, and several well sustained daily and weekly papers. They have 10 exclusively German book-stores, and 5 printing establishments, a German theatre, a frequent German opera, and multitudes of daily concerts.

JENNY LIND.—A correspondent of the Christian *Inquirer* writing from Vienna, says that while visiting Jenny Lind in Dresden, he found her in the full enjoyment of domestic life. She has a fine boy three and a half years old. Her voice is as excellent as ever, and I am glad, says the correspondent, to be able to say that we have at least a chance of hearing her again in the United States, for she will probably settle down permanently either in England or in the United States within six months.

☞ Prof. Charles H. Davies, formerly of the West Point Military Academy, by a nearly unanimous vote, has received the appointment of Professor of Mathematics in Columbia College, of New York city; and Francis Leiber late of the University of South Carolina, has been unanimously elected Professor of History and Political Science in the same college.

IRISH EMIGRATION.—The Limerick *Reporter* writes in a tone of alarm at the continuance of the population drain. The people, it is said, are literally flying in thousands from the Irish shores. If emigration proceed at this pace the Limerick journals fear there will not be hands to till the soil.

FIRE AT BINGHAMTON.—The flouring mill of W. S. Weed & Co., together with six dwelling houses and four barns, at Binghamton, N. Y., were destroyed by fire, on the 25th inst. Loss upwards of $40,000—partially insured.

More about the Registry Voters of Kansas.

A Lawrence correspondent of the Saint Louis *Democrat* writing under date of May 17, says:

> James L. Orr, Member of Congress from South Carolina, arrived in this city to-day. He has doubtless come to Kansas to assist in laying the ropes for the subjugation of this Territory. A year ago South Carolina sent her banditti out here for the purpose of exterminating the Free State men, and to decide the question at issue in behalf of slavery. The movement was unsuccessful, and the 'chivalry' were compelled to return with their banners trailing in the dust.
>
> At this time, the State sends one of her most noted and influential politicians to make Kansas a Slave State, by fraud and violence, assisted by the General Government. What the banditti failed to do is to be attempted by Gen. Harney, and *four thousand* dragoons.
>
> Mr. Orr says that *nine thousand* names have been returned as voters in this Territory, on the census list to the Governor, and that several counties remain to be heard from in which no attempt has yet been made to take the census.—According to these returns, and the thousands of Free State men whose names have not been taken, Kansas must be a *very* populous State or Territory.
>
> The Governor will apportion the representation in the Constitutional Convention in accordance with the number of names returned to his office. That is, one delegate to one hundred and fifty voters. At that ratio Lawrence district should have one fourth of the delegation—fifteen members—and not more than one will be allowed from this vicinity, for not one man out of fifty has been taken by the census officials.
>
> In the Shawnee Reserve, where there are not three hundred legal voters, and only fifteen hundred claims, these bogus officers have found three thousand "qualified electors;" which gives that district twenty delegates, or one-third of the members of the convention.

PROGRESS OF THE SOUTHERN WISCONSIN R. R.—Of the progress of that portion of the Milwaukee and Mississippi Railroad, which goes to Monroe, Wisconsin, a correspondent of the Monroe *Sentinel* says:

> The money and all the energies of the company have been expended in completing the road to Prairie du Chein. In a few days the balasting of that line will be finished, and the laborers discharged. The contractor will then be able to turn his attention to this line. The grading is already mostly completed between here and Janesville, and large sums of money have already been expended on the work. It is not good policy for the company to have so much unproductive capital longer than absolutely necessary. This company to the present time, have completed their road to various points, at the times indicated in their published reports. One year ago nothing was said in the Report concerning the finishing of this line. The Report just finished says:
>
> On the Southern Wisconsin portion of the Milwaukee & Mississippi Railroad the grading is nearly completed to Monroe, and the track will be laid and ready for use to Bass Creek, the first station west of Janesville, about nine miles, by June 1st, and the whole road will be completed to Monroe, about thirty-five miles, by the 1st of September. Here is the pledge of the Company—not given by flying, unauthorized reports—that the road will be completed to Monroe by the 1st of September. Several miles of track were laid west of Janesville, in April, as anticipated; and the present delay is occasioned by want of iron, which will soon be here. In 1856 the Company graded nearly the entire distance from Madison to the Mississippi, and laid seventy-three miles of superstructure, besides building three bridges across the Wisconsin, each about 1900 feet in length. There being only twenty-five miles of track to lay—the grading being nearly done—is it unreasonable to expect the completion of the road to this place next September?

SINGULAR CASUALTY.—The N. Y. *Tribune* of the 25th inst. gives the following account of a singular accident on one of the Long Island Race courses, where several trotting horses were taking exercise:

> Red-headed Bill's horse had just left the quarter pole, and was about coming to the scratch, on the left of the track, when Lady Woodruff made her appearance on the right of the track—both animals going at a three minute gait. They were only fifteen yards apart when the drivers perceived each other, and saw that a collision was inevitable. The driver of Lady Woodruff halloed "Whoa," but to no purpose, and a terrible collision ensued. The shaft of Lady W's sulky entered the breast of Red-headed Bill's horse, passing through the heart and body into the intestines. Lady W. at the same time with her forefoot trod on the left hind leg of Red-headed Bill's horse, breaking it just above the gambrel. Both horses came down heavily when the shaft was withdrawn. So violent was the concussion that Lady W's driver was thrown clear of the horses and vehicles some ten or twelve feet, lighting on his hands and feet in the middle of the track, escaping even the slightest injury. Red-headed Bill fell between the vehicles and horses, receiving severe injuries about the body and leg. He was carried off the track by some of his companions. His horse raised upon three legs and walked across the track, dragging the remains of the wagon after him, and then fell. The animal raised his head quickly and looked toward the other horse, as if realizing his sad condition, and neighing shrilly, calmly laid his head upon the track and died without a struggle.
>
> Lady W. escaped with a slight wound in the breast from the shaft of the wagon and a severe contusion on the eye bone caused with contact by the wheel, which injuries are likely to mark her for life. She is valued at $3,000.
>
> The dead horse was dragged from the track, and the wounded animal taken to her stable.

HOW TO JUDGE OF FLOUR.—The following directions for judging between good and bad flour, have been submitted to an experienced miller of this city, who pronounces them all right:

1st. Look at its *color*; if it is white, with a slightly yellowish straw colored tint, it is a good sign. If it is very white with a bluish cast or with black specks in it, the flour is not good.

2nd. Examine its adhesiveness; wet and knead a little of it between the fingers; if it works dry and elastic it is good; if it works soft and sticky, it is poor. Flour made from spring wheat is likely to be sticky.

3d. Throw a little lump of dry flour against a dry, smooth, perpendicular surface; if it adheres in a lump, the flour has life in it; if it falls like powder it is bad.

4th. Squeeze some of the flour in your hands: if it retains the shape given it by the pressure, that too is a good sign. Flour that will stand all these tests, it is safe to buy.

POPULATION OF ST. LOUIS.—The census of St. Louis has just been taken. We copy the aggregates from the *Intelligencer* of the 26th.

White Males	65,740
White Females	58,252
Total White Population	123,992
Free Negroes	1,292
Slaves	1,532
Total Colored population	2,824
Total population	126,275

NOT FLATTERING.—The N. Y. Evening *Mirror* thus spoke of a recent Shakespearian performance at Burton's theatre:

> Mr. Booth played "Lear" on Saturday, and the way he cursed, raved, ranted, and swore at his daughters, fully justified them in banishing the old rantipole with his noisy and superfluous train of "a hundred servants" from their premises. The sympathies of the audience were much excited in favor of Regan and Goneril.

Correspondence of the Chicago Tribune.

Stanton's Proclamation—Returns of the Census Takers.

LAWRENCE, May 21, 1857.

EDS. TRIBUNE:—The following is acting Gov. Stanton's Proclamation just issued from the executive office. It gives the pretended returns of the census taken by the bogus officials. Most of it is fraud—the fact being that in some of the counties returned the census takers did not spend a day, but forged their returns:

Proclamation.

UNITED STATES OF AMERICA, }
Territory of Kansas. }

To the legal voters and elective officers of Kansas:

Whereas, the following returns of the census taken under the act of the Legislative Assembly, entitled "An act to provide for the taking of a census and election for delegates to Convention," passed the 19th day of February, 1857, have been made to me, to wit:

Dist.	Counties.	No. legal voters.	Whole Pop.
1	Doniphan	1,086	4,120
2	Brown	206	no returns.
2	Nemaha	140	512

6	Calhoun	291	885
7	Marshall	206	415
8	Riley	358	no returns.
8	Pottawotamie	205	no returns.
9	Johnson	496	890
10	Douglas	1,318	3,728
11	Shawnee	283	
11	Richardson	no returns	
11	Davis	no returns	
12	Lykens	413	1,352
13	———	no returns	
14	———	no returns	
15	———	no returns	
16	Linn	413	1,821
17	———	no returns	
18	Bourbon, McGee, Dorn and Allen	646	2,622
	Total	9,251	

Now, therefore, I, Frederick P. Stanton, Secretary and acting Governor, do hereby proclaim that, according to the provisions of the said act and the census returns made in pursuance thereof, and upon a proper apportionment among the legal voters of the several Districts aforesaid, they are respectively entitled to elect to the Convention provided for in said law, the number of Delegates herein assigned to them, that is to say:

To the 1st District—Doniphan co., 7 delegates.
2d " —Brown and Nemaha, 2
3d " —Atchinson, 5
4th " —Leavenworth, 12
5th " —Jefferson, 4
6th " —Calhoun, 2
7th " —Marshall, 1
8th " —Riley and Pottawotomie 4
9th " —Johnson, 3
10th " —Douglas, 8
11th " —Shawnee, Richardson and Davis, 2
12th " —Lykens, 3
16th " —Linn, 3
18th " —Bourbon, McGee, Dorn and Allen, 4.

The proper officers will hold the election for delegates to the said Convention on the third Monday of June next, as directed by the law aforesaid, and in accordance with the apportionment herein made and declared.

{ L. S. } In testimony whereof I have hereunto subscribed my name and affixed the seal of the Territory, at Lecompton, this, the 20th May, 1857.

FRED. P. STANTON.

From the Atlas and Argus.

"The Dead Lion."

WASHINGTON, May 19.—Mr. Buchanan did not appear on Saturday last at the music in the President's grounds. He was too fatigued, and wished to escape from the bites of the political leeches who still hang on here. Both the friends and enemies of Mr. Buchanan give him credit for his frank up and down courteous manner. He holds out no false hopes, and tells office-seekers at once what they may depend on. There is none of the *weak, vacillating hypocrisy of Pierce* about him—who *held out flattering, but deceitful hopes to every man.*

It is the true instinct of a Court parasite to flatter the "Democratic" President who has just come in, by sneering at the "Democratic" President who has just gone out. But we hardly expected the Atlas to begin so soon.—*Albany Eve. Journal.*

Shipping at Grand Haven.

On Saturday last, the schooner Blue Bell was launched from the ship-yard at Ferrysburg, owned by Capt. James Dalton. She has been rebuilt from keel to rail and the whole work has been done in a thorough, workmanlike manner, under the direction and planning of Thomas McCarty, master builder.

That Grand River is *the* point on this Lake we are more convinced of now than ever. With a position nearly central of the length of Lake Michigan, the best harbor on the Lake, the outlet of a river draining eight counties, and an unlimited amount of the best stone for building purposes, convenient for hauling to the river and to float down to ship-yards, mills as good as any in the United States, for sawing and preparing the timber and plank for use, and positions to be had for docks, railways and yards.

All we ask now is that the right kind of men will look at this matter and visit this place and take hold of such inducements as now being held out to ship builders, and our river will soon be noted for the number as well as the qualities of vessels built of the Grand River Oak. At the ship-yard, at Ferrysburg, there has already been built three fine, new vessels, and one steamer. The Telegraph, Magic, Experiment, and steamer Olive Branch. The Geo. C. Drew, Two Charlies, and Blue Bell, thoroughly rebuilt, besides flat-boats and scows, not a few. There is now building under the direction of Wm. A. Ferry, Jr., a fine boat to be used for a steam ferry boat between Mill Point, Ferrysburg, and Grand Haven —Wm. Haydon, master builder. The engine and machinery from the Ottawa Iron works.—*Grand Haven Times.*

ARRIVAL OF THE GENERAL TAYLOR.—The propeller Gen. Taylor, from Ontonagon, arrived at this port last evening, being the first arrival from a Lake Superior port this season, the Illinois preceding her from the Lake only. The propeller has been absent just six months and five days, having left this port on the 21st of November last with a cargo of supplies for the mines which she was so extremely fortunate as to take through to their destination in safety.

May 10th she started from Ontonagon for this city, but after proceeding 120 miles was unable to get farther owing to the ice, and after vainly endeavoring to force the Arctic barrier for four days, she put back to her harbor.

On the 16th she started again and succeeded in getting through, although meeting considerable destruction off Vermillion Point. A large field quite heavy, some thirty miles wide, stretched from White Fish Point to L'Anse Bay.

The boats, bound up, which were met, and their position, we gave yesterday.

She brought down 120½ tons of copper for Detroit, from the Norwich, Nebraska, Minnesota, and Rock Island mines; and 161¼ tons for Cleveland from the Copper Falls, Adventure and National mines.

Capt. Rynder brought the Taylor through as well as he took her up, under circumstances of great hazard, requiring the exercise of sound judgment and good seamanship. Capt. Rynder says the new pier at Ontonagon had been considerably damaged by the spring freshet, about 80 feet having been carried away, and that there was but seven feet of water on the bar.—*Detroit Tribune.*

WAUSAU ITEMS.—About 180 miles northerly from here is Superior City, which is to be the terminus of the Milwaukee & Horicon Railroad. By the way of this Railroad, we are from Milwaukee a distance of 175 miles. About 165 miles directly west of here is St. Paul, and the distance, directly east of us to Lake Michigan is about 115 miles. Situated as we are, about midway between Milwaukee and Superior City, our town will become the "half way house" between those two places when the Milwaukee & Horicon railroad shall be completed.

This locality has been known to river men for several years as Big Bull Falls. There is a fall of 24 feet in the river, here, which has recently attracted the attention of the manufacturers, who regard it as one of the best water powers in the world. There has been a lumbering station here for several years, with but very few permanent inhabitants. The influx of emigration, chiefly during the past year, has built up a village of a thousand inhabitants. According to the present indications, there will be over twice the present population here before next December.—*Wausau Central Wisconsin.*

FOUND DEAD.—On Tuesday evening some boys who were fishing from the Railroad bridge over Third Lake, discovered the body of a female floating in the water. They informed some persons near by in a boat, of the fact; the body was brought to the shore. A Coroner's jury was summoned by Judge Bush, and the body was identified as that of one Mary Ann Shackleford, a noted character who was an inmate of the jail not long since. The body appeared to have been in the water some considerable time, but no marks of violence were discovered, and the jury returned a verdict of "accidental drowning."—*Madison Patriot.*

MILL BURNED.—From J. B. Newton, clerk of the Sun Ward, we learn that the Shepard Steam Saw mill, at Zilwaukee, Saginaw Co., was burned Sunday night, with about 500 M. feet of lumber. Loss, $15,000. The cause of the fire is unknown. —*Detroit Tribune.*

Crime and its End.

The telegraph has already mentioned that the Hon. Daniel B. Vondensmith, formerly one of the associate Judges of Lancaster County, Pa., was arrested on Tuesday and taken to Philadelphia, to await his trial upon several indictments which have been pending against him for over three years, for forging land warrants. The Lancaster *Express* says:

> "It will be recollected that in the early part of 1854 Mr. Vondensmith and George Ford, Esq., one of the most prominent members of the Lancaster bar, charged with a similar offense, both forfeited their bail and left for parts unknown.—Vondensmith went to Europe, via New York, having been escorted from Lancaster to that city by some friends in a sleigh, and after sojourning in Europe for over two years, returned to New York sometime last fall or summer, and eventually ventured home again, where he has been since last September. His presence at home was not generally known for a long time; but of late he had become less cautious, and ventured out to visit some of his neighbors in daylight. He had also commenced fixing up the beautiful grounds connected with his residence, placing his favorite flowers in the summer house, and had introduced the water into the fountain in his garden, the pipes having been torn up, or deranged while he was making the tour to Europe. A Deputy U. S. Marshal, it appears, pounced upon him while he was on his knees with a trowel, dressing up a flower bed. He was immediately taken to Philadelphia, and will have a hearing before Judge Kane to-day. The prisoner and Ford, it is alleged, obtained between $60,000 and $70,000 by forging pension claims. Ford, it is said, has also returned from Europe, and has settled somewhere in the West."
>
> The Judge lies in prison unable to get bail; and calamities thicken upon him. His wife, prostrate in health and who had, in the agitation of her situation, given premature birth to a child, died on Sunday afternoon. Her brother, Dr. John Leonard, had been committed to prison for thirty days, the day previous, for drunkenness disorderly conduct, but released through the intervention of friends, in time to see his sister die. This and her husband and the father of her three children, all old enough to realize their situation, lying in prison in Philadelphia, were the images that filled her dying eyes.
>
> The house in which the family resided is subject to a lien of $7000, with three years interest, which the government holds as an indemnification of the forfeited bail, and the children are therefore left not only orphans, but homeless.

SLANDER AND SUICIDE.—A correspondent, writing from Newport, Me., under date of May 20th, furnishes the following particulars of the sad death of a young lady:

> Miss Mary Martin a very pretty and intelligent young lady of about twenty years of age, committed suicide by drowning herself in the stream at Detroit, the town adjoining this. She invited a young lady friend to walk with her, and seating herself upon a log near the stream, she told her friend that she was about to drown herself, and the reason for so doing. She took off all of her jewelry, and gave it to the young lady, saying, "I want you to have these." In a few moments after her friend persuaded her to return to the house, telling her that they would come down in the afternoon. They had proceeded only about five or six rods, when Miss Martin caught hold of her friend and dragged her towards the stream a rod or two, but suddenly releasing her hold she ran and jumped in. Her friend gave the alarm, and a brother of Miss Martin came to her relief, but too late—life was extinct when her body was taken out.
>
> The cause for this melancholy suicide was slander. During the past winter stories have been circulated to injure her character. She protested her innocence, and but a few weeks before while walking near the place where she was drowned, with the young man to whom she was engaged, she said, (referring to her troubles) "If I thought there were no happier days in store for me, I would jump in and drown myself."—Miss Martin was a very pretty, modest and highly respectably young lady, and her untimely death is deeply regretted. I hope it will serve as a warning to those who are every ready to circulate evil reports.—*Boston Traveller.*

TROUBLES OF PEARL FISHING.—Two young men residing in New Brunswick went out for sport on Sunday in search of pearls. They succeeded in finding one in a muscle picked up on a bar in the Raritan river, near that city. It was perfectly round and beautiful, and about the size of an ordinary pea. The Paterson Guardian says that on Friday last, a man named Van Gelden went up to Hoboken to collect a debt which was due him from some one at that place. As he had to walk back, he fished on his way down for pearls, and found two very large and beautiful ones, which he refused $150 for on his return to town. On Saturday he took them to New York to dispose of them.

The Guardian also says that a great many complaints are made by the farmers, on account of the country being overrun with Paterson pearl-hunters, who trespass on their rights, and are a nuisance to them. They generally compose about a half dozen in each party, and are so bold and impudent as to defy the threats of the land-owners who order them off their premises.

The services of a posse of men have been secured, the people being determined to be lords of the soil, so that serious consequences may be expected unless they desist in their intrusions.—They are open to the violation of the law, and one person declares his intention to prosecute certain parties who have made threats upon his person.

This will be a harvest to the Rail Road Company, as well as those individuals who are attacked with the pearl fever, judging from the numbers that are left at the different stations in Bergen county.

A person from Hoboken found a valuable pearl in the Pompton river last week on his return from Sussex. He drove into the stream to water his horse; discovered a muscle, he opened it, when lo! it contained a valuable pearl.

SIGH NO MORE, LADY.—The charming widow, upon whose unhappy condition Colonel Fuller of the Mirror, and Prentice of the Louisville Journal have been expending so much ink, any sympathy, may dry her tears, throw the vestments of her widowhood into the lumber closet and expand into all the blushing bloom of second husbandry, without the slightest fear of any unpleasant consequences thereupon ensuing. The nasty, disagreeable clause in the will of the defunct curmudgeon, whose name she has to bear, is, according to the Cincinnati Enquirer, void and of no effect, and bears its own illegality patent on the face of it. We really believe the Enquirer is right. Both the Common Law and Chancery Courts in England have decided that a husband cannot fetter a lovely and accomplished relict with selfish, cruel restrictions upon her future matrimonial inclinations, and we are sure that no true American Judge would allow himself to be outdone in gallant consideration for the sex, by a musty, fusty, crimsoned and bewigged old British Blackstone.—*N. Y. Courier.*

Public opinion in this matter is stronger than law; and so universal is the condemnation of the press on this subject, that we shall not probably hear any more complaints from widows who have been doomed to celibacy, poverty, or something worse, through the foolish jealousy of their dead husbands.—*N. Y. Mirror.*

THE WAUKESHA STAPLE.—It ought to be more generally understood that we have a branch of business in this place of great importance, and that is destined to make Waukesha a distinguished and a busy place. Already Waukesha Stone has a reputation throughout this State, and in Illinois, as the best of building material. Nature has been liberal to us. Besides giving us a rich soil as is safe for farmers to cultivate, she has underlaid it with an almost exhaustless foundation of lime stone of such solidity and beauty as is not often discovered in the barren geology of this region.

Centuries ago it was the wide cemetery of buried races, but now it is the raw material from which is built handsome stores, residences and sidewalks. Two quarries, are worked by Barnes, Davis & Co., and Cook & Walker, who are unlaying the strata as fast as they can, and sending them away by the car load, to build up other towns, and at the same time advertised the staple production of Waukesha.—*Republican.*

DEATH OF PATRICK LYNCH.—We are shocked and saddened this morning to hear of the death of one good friend and neighbor, Patrick Lynch, the editor and proprietor of the "Irish American," a weekly newspaper which he has conducted with much ability for the last ten years. He was a native of Limerick City, Ireland; for several years the editor of the "Clare and Limerick Examiner." Mr. Lynch was taken sick on Sunday last, with the brain fever, and died this morning. He was about forty-five years of age. His wife died on last New Year's day.—*N. Y. Mirror, May 23.*

We learn from the *Courier des Etats Unis*, that a former pupil of the Polytechnic School of France had invented a new press and type, which may cause a revolution in the art of printing.—The type bears the letters at both ends, and will therefore yield two impressions with one sitting. The thing is so simple that people are surprised that it was not thought of and applied long ago. It is being successfully tried, daily and in public, at the Conservative des Arts et Metiers.

☞ Mr. Caleb B. Crapo, who was severely injured by the upsetting of a stage a short time since near Dodgeville, died Tuesday morning, at Ridgway, Iowa County. Some three years since, Mr. C. came to this city and engaged in Mercantile pursuits. We understand that he leaves a wife and one child, who are at present in New Bedford, Mass., where it is probable his remains will be taken.—*Madison Patriot.*

Laws of Wisconsin.

Published May 27, 1857.

AN ACT to extend the right of suffrage.

The People of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

SECTION 1. The right of voting is hereby extended to male persons of African blood who have attained the age of twenty-one years or upwards, with the same qualifications and restrictions now imposed upon other voters in section 1 of article on suffrage in the Constitution.

SEC. 2. This act, before it takes effect, shall be submitted to the people at a general election, to be held on Tuesday next succeeding the first Monday of November, 1857, when if such majority of votes as is required by the constitution, be cast for it, it shall be of force and effect under the requirements hereinafter prescribed: but if such majority be not cast for it, shall have no force or effect.

SEC. 3. The form of the ballot to be used on this occasion shall be for the affirmative, "For the extension of suffrage," for the negative, "For the extension of suffrage, no," which shall be on the general ballot used at the said election and deposited in the same box, and all persons qualified by law to vote at any election in this State, shall be deemed voters on this question.

SEC. 4. These votes shall be counted and returned by the inspectors of the election in all respects as votes for State officers are counted and returned.

SEC. 5. The officers now designated by law to canvass the returns of votes for State officers shall canvass the returns in this question at the same place and under the same regulations and restrictions now provided by law for canvassing and declaring the returns of elections for State officers.

SEC. 6. Within three days after the determination of such canvass, it shall be the duty of the canvassers to certify the result of the said canvass to the Governor, who shall thereupon without delay, make proclamation of the result, and publish the same daily and weekly for two weeks in all newspapers printed in the State, when if the result shall be in favor of the extension of suffrage, this act shall immediately after such publication be in force and effect, but if not in favor of it, then this act shall have no force or effect.

SEC. 7. This act immediately after its passage shall be published, and at least three months previous to said general election, the Secretary of State shall send or cause to be sent, a correct copy of it to every newspaper upon the publication of the same, shall be entitled to pay for the same out of the State Treasury, at the rate paid for other legal advertising.

CANAL FREIGHTS—In consequence of the frequent breaks and non-opening of the Western Division of the Erie Canal, large numbers of boats are arriving here daily, and freights are lower. Wheat is shipped to-day at 10c to New York, which is 2c lower than last week, or since the opening of navigation.—*Times.*

Interesting Statistics.

The imports of wheat, corn and flour into Liverpool for the month of April, are reported in the circular of J. Perrin & Son, as follows:

	Wheat, qrs.	Corn, qrs.	Flour, bb's.
1855,	26,193	71,012	8,315
1856,	99,762	174,0?0	91,881
1857,	26,767	60,228	42,619

These figures show that the imports for the months of this year, are less than those of the previous seasons. On the other hand, the exports have been greater, as shown below:

	Wheat, qurs.	Corn, qrs.	Flour, bbls.
1855,	2,823	55,652	7,526
1856.	7,312	53,276	6,001
1857.	17,559	50,105	9,540

These figures would lead to the belief that the stock must be exceedingly light, and that to stimulate importation from abroad, prices must yet touch a higher level.—Strange as it may appear, after all that has been said about the deliveries of wheat from farmers depressing the market, it is shown that the deliveries from farmers are less last month than the corresponding month for the two previous years:

COLLISION.—On Sunday night as the propeller *Pittsburgh*, Capt. Beckwith, of the People's line, was descending the St. Clair river on her way from Chicago she collided with the schooner *Marshfield*, bound up. The stern of the Pittsburgh was so badly shattered that she will require a new one, but Capt. B. will endeavor to reach Buffalo before commencing her repairs. The Marshfield lost her head gear, and her bows were badly stove in. She was towed back to the city, in almost a sinking condition and is now in the dry dock.—*Det. Tribune.*

QUICK WORK.—The schooner *Reed* from Milwaukee, came into the harbor yesterday, took on eight thousand five hundred bushels of wheat from Messrs. Dutton & Raymond's warehouse, in seven hours, and left for Cleveland last evening.—*Racine Adv., May 26.*

Thalberg's Concert.

A thousand people assembled at Albany Hall, on Wednesday evening, to hear THALBERG, and the bright satellites who accompany him in his musical orbit. Although the night was dark, the gas lamps not lit, as usual, the streets muddy and the skies weeping, the beauty and fashion of our city mustered in full force. They were amply repaid for the venture. MOLLENHAUER opened the Concert with a piece, admirably played, on the Violincello. Then came PATTI, who was welcomed and listened to as an old friend and favorite, and applauded at the close of her ballad with genuine heartiness. Next THALBERG himself appeared, quiet, gentlemanlike and unassuming in manner; sitting down to the piano and going about his work without any preliminary flourish and in the most artistic style. His mastery over the instrument is wonderful! Under his touch it utters combinations of sound of which few could believe it capable. There is a precision, purity and grace in his execution which leaves nothing to be desired. As a performer, indeed, he is faultless and matchless. He was encored in every piece, and gave, in response, the "Last Rose of Summer," and "Home Sweet Home," arranged for the piano by himself. We thought the last the most delicious piece of music we ever heard. The air, though familiar, is a very sweet one, and THALBERG, while preserving, distinct and intact, the simple melody, interweaves with it a profusion of sparkling accompaniments that set it off like so many brilliants. The enthusiasm of the audience fairly culminated at this piece. PARODI, who, like PATTI, is an established favorite in Milwaukee, was warmly greeted on her first appearance, seemed to be in fine voice and sang with her usual spirit. Her "Jerusalem" was most effectively rendered, and to the *encore* of the "Ricci Waltz," she sang a stirring "Rataplan." Signor NICOLA gave his air from "Lucrezia" in very good style. Indeed, the entire Concert was remarkable for its excellence, and altogether the finest entertainment we have yet had in Milwaukee.

The second and last Concert will be given *to-night*, with an entirely new and most attractive programme.—There are plenty of excellent seats yet to be secured at HEMPSTED's, and as it is not probable that THALBERG will ever visit our city again, this is the last opportunity of hearing him here. We advise all, therefore, who wish to hear the greatest living Pianist, to attend the Concert *this evening*. We venture to suggest to the ladies that it would give the audience a better chance to see, and add materially to the appearance of the Hall, if they would leave off their bonnets.

FIRST "CANAL GOODS" FROM NEW YORK.—The propeller *Young America*, of the Northern Transportation Co's Line, landed on Tuesday the first goods brought through this spring *via* the New York Canals. This lot was 24 days from New York, but would have been here in 16 days but for the break in the Welland Canal.—Messrs. BARCLAY, HALE & Co., who are the agents of this line here, and who have taken the well known "Blue Warehouse" for its business, (and will also do a general storage and forwarding trade therein) inform us that by this line, taking New York goods through the Champlain Canal and Lake to Ogdensburg, and so to this port by propeller, having but 63 miles of canal navigation in New York, they expect to bring goods through in 16 days or less throughout the season, and they reasonably expect a liberal share of business. Two of the propellers of the line have brought this season full cargoes for this port, and taken on full return cargoes, without going further. Messrs. B. H. & Co., are fully authorized to make contracts for transportation of merchandize and produce each way. The *Prairie State*, announced in the Montreal papers as running in a new line from that port to the upper lakes, belongs to the Northern Transportation Company's Line, and is at present run by them to Montreal, owing to the large amount of up and down freight offering.

OUGHT WE TO HAVE A THEATRE IN MILWAUKEE?—We have heard that a company from Chicago have leased Young's Hall, and intend opening a temporary theatre here about the 1st of July. We hail this as welcome news, though we would have been much better pleased had the plan been carried into successful operation, which was spoken of lately, of establishing a permanent theatre in this city. Certainly Milwaukee ought now be able to support a good theatre well. We once had a theatre among our institutions, and we believe it was very well sustained, but the building was burned, and since then we have had nothing of a substantial character in the shape of dramatic entertainments. There has been a great deal said, but very little done about this matter, though there can be no question that a permanent theatre would pay well in this city, if some enterprising man would only take hold of the matter. There can be no doubt but that in a city of *forty* thousand inhabitants there will be enough people found who will patronize dramatic entertainments to support a first class company.

SYSTEMATIC.—Those who have the bridge at the foot of Huron street in charge evidently understand their business. We saw a schooner pass through yesterday, and so systematic was the operation that in less than four minutes by Loomis & Hoes exact time—from the moment the bridge commenced running, the schooner had passed through, was on her way rejoicing, and the bridge had again closed ready for foot passengers. It would have done the local of the *Sentinel* good to have seen it, no doubt, and any time when a vessel is to pass through Huron street bridge he can see the same sight.—*American*.

We do most sincerely hope that our friend down street may not be disappointed in his hifalutin expectations.—When Huron Street Bridge becomes a public thoroughfare, some one will doubtless have charge of it, who knows as much about taking care of a bridge, as a "sow does of a holiday," that is if we may judge the future by past, and that is the only criterion we have to go by.—Besides there must be an enormous reformation in our bridge arrangements, before we can see vessels pass through any bridge in the city in 'less than four minutes,' by Loomis & Hoes time, or any other time either. What difference can it make, however, how well the bridge may be arranged, as long as there is no law to prevent vessels from drawing into the bridge, and stopping there while the hands are having their dinner, and the Captain is enjoying his cigar, or grog, if they may feel inclined to do so. Say neighbor, are you not crowing to soon?

STREET COMMISSIONER'S ORDERS.—The Third Ward Aldermen want proposals till May 30th, for building three Artesian wells.

The Fifth Ward Alderman call for proposals for filling the following lots:

Lot five and east one-half of lot four, in block number seven, Milwaukee proper; lot three, in block eleven, Walker's Point; south forty feet of lot eight, in block ten Walker's Point; lot three, four and north one half of lot six, in block 19; lot twelve, in block fifteen; east one half of block twenty six; east one half of block twenty-eight all in Walker's Point; lot two, in block twenty one, and lot four, in block eleven, Milwaukee proper.

Also for furnishing the materials for and putting down a side walk in front of block twenty eight, on the west side of Clinton street, Walker's Point.

The same Aldermen also order: Reed St., from South Water to Lake St., to be paved in 21 days. Also certain alleys to be graded.

The Seventh Ward Aldermen order lots 4 and the north half of lot 5, block 57, to be filled or drained, in twenty days.

INFORMATION WANTED.—See this advertisement.

Gas. Gas. Gas.

MR. EDITOR—I am sorry to trouble you with my gas, but I wish to ask why the citizens of Milwaukee, through their *kind fathers*, cannot study out a more consistent arrangement for the lighting of this city! Can it be possible that the reflections of the Aldermen on their way on such a night as last night, could be otherwise than thinking of Gas lights? Why, the amount of gas burnt by *too early* lighting on summer evenings alone would more than furnish the city for the cloudy and stormy nights—but I suppose the almanac does not lie on their *Time Table*. What is gas provided for? is it not mainly for a protection to our citizens against the man of arson, the garrotter, the burglar and highwayman; also the protection of our female portion of society?

MORE A-NON.

HOUSE PLUMBING.—Messrs. Reed and Felthausen, corner of South Water and Barclay Streets, 5th Ward, have just received a large assortment of house plumbing, steam and gas fitting stock, &c., &c., and are prepared to do anything in their line on very reasonable terms. They refer particularly to the gas fitting and plumbing done by them in the Newhall House. See their hand bill which accompanies our Daily this morning.

BUILDING IN THE CITY.—The number of buildings which have already been completed in this city this Spring, and the number which are in progress, amount to 1,849. This is a fine show for Milwaukee.—*Wisconsin*.

By referring to the article in the *Sentinel* of the 27th inst, on the "Growth of our City," our neighbors of the *Wisconsin* and *American*, will find that, "the number of buildings" &c., is 1,349, instead of 1,849.

INSTALMENTS CALLED FOR.—Stockholders in the Mil. & Beloit R. R., will find a call upon them in our advertising columns.

TAKE HEED.—At the Massasoit House, Chicago, may be obtained until July, Old Dr. James' wonderful and celebrated extract of Carnibi's Indica. His son-in-law, Dr. Thomas Tilton, will supply you with either, personally, or by Express. It is a sure and speedy cure of the worst cases of consumption, bronchitis, asthma, nervous debility, coughs, colds and sore throats. We know this to be a fact. Try it and live.

P. S.—By addressing Dr. Tilton a note through the Chicago Post Office, inclosing four stamps (12 cents) a recipe will be sent in return, free of charge, to any part of the Union.

OGDEN & WALL,

CITY LAND OFFICE.

THE NUMBER OF BUILDINGS now going up in Murray's Addition in the First Ward, has induced Chas. H. Larkin, Esq., to lay off his tract of eight acres and offer it for sale in suitable lots.

This land, which adjoins Murray's Addition, extends from it to the river, and is situated on a high bluff overlooking the dam and the workshops of the La Crosse road, commanding a magnificent view of Milwaukee and of all the prominent objects in the city. The ground is perfectly level, with just sufficient slope for proper drainage, and will never be subjected to taxation for grading which in other localities is so oppressive.

The streets are all laid out, and there is nothing to prevent buildings from being erected at once.

To mechanics and others, whose daily avocations call them into the lower part of the city, it offers great inducements, as it is within a short walk of their work, and stores are already erected in the neighborhood whence their families may draw all their ordinary supplies.—Maps of the above may be seen at our office.

A Valuable Residence for Sale in 7th Ward.

WE are authorized to sell, or exchange for other city property, one of the best Dwelling Houses in the Seventh Ward, Corner of Astor and Martin Sts. The house is new (built about 15 months) and built and finished in a superior manner—there is not a dwelling house in the city put up with so much care—all the Floors in the house are double, a superior Cellar under the entire dwelling. There is all the various Parlors, Sitting Room, Library Room, Reading Room, finished in superior style. The chambers are of a large size with convenient and large closets. The house is supplied with Bath Rooms and Water privileges. The arrangement of the kitchen, wash and Ironing rooms are not to be equalled in the city. In fact it is impossible to give a full description of the superior advantages of this House. There is also a large new BRICK BARN and Carriage House and Coachman's Room. The said House is situated on two lots, 120 feet front, 127 feet deep. The grounds of premises are handsomely arranged, and decorated with all the various shrubbery and fruit Trees, and you have a full view of the Lake, and in one of the best of neighborhoods in the Seventh Ward. In fact it is a house superior to any that has ever been sold. All we have to say, any one who wants a House if they will call on us we will show them the premises and they can judge for themselves. Terms are easy.

CITY LAND OFFICE.

Great and Extensive Sale of Lots in

Portage City, Columbia Co., Wis.

TWO HUNDRED LOTS.

THIS CITY OF PORTAGE is a very desirable place, and holds out great inducements to all who are now emigrating to Wisconsin. It contains a population of from ten to twelve thousand. It is handsomely built up, and has all the conveniences and comforts that any other city in the West has. There are already two Banking Houses and several Exchange Offices there. The city, in a few months, will have its Gas and Water Works. It contains as fine brick store houses and dwelling houses as you will find in any Western city, and its location and situation for business one can see at a glance on the maps. It has all the advantages of the navigation of the Wisconsin and the Canal. It will, in a short time, have from three to four Railroads. The La Crosse Railroad is now completed to Portage. In fact, I know of no city out of Milwaukee, which holds out such inducements and its prospects so flattering as Portage City; and I would say to all who have money to invest, and who are seeking a house, to go and visit Portage City and examine for yourselves. The La Crosse cars run there twice every day. The Lots which I am going to sell on June 12th, 13th and 15th, are choice lots and business property. Maps of the said City are now at the City Land Office, and any one who desires any other information as regards the said sale of Lots in Portage City, if they will call on me I will give them all the information they want. The list of lots I will publish in a few days. They will be sold on very easy terms.

FOR SALE.

IN WAUKESHA COUNTY, about 25 miles from Milwaukee and near the Milwaukee and Watertown Railroad, a beautiful uncultivated tract of 80 acres belonging to the estate of the late Dr. Geo. R. McLane, and lying at the head of Pine Lake, bordering Pine and Beaver Lakes.

This is a fancy spot of unsurpassed location, unrivalled for its exquisite scenery, which is romantic and picturesque in the extreme, commanding a broad, open view of the whole of Pine Lake.

It is a very desirable place for a gentleman's country seat and affording admirable building sites on the Lake bluffs. The situation is noted healthy and presents every facility for summer recreation, such as bathing, boating and fishing, with wild game in abundance at all seasons.

It will be sold at a very low price, making it a good investment for speculators.

ARRIVAL OF THE ARABIA.

New York, May 28.

The steamship *Arabia*, from Liverpool, about 2 P. M. Saturday, the 16th, arrived at 4:30 this P. M. The steamer Fulton arrived at Southampton on the eve of the 14th. Steamship Vanderbilt arrived off Cowes on the evening of Friday the 15th. The screw steamer Edinburg arrived at Greenock on the afternoon of Friday the 15th. The U. S. frigate Niagara arrived the 13th. The City of Washington arrived at Liverpool on the 13th.

The Liverpool cotton market advanced fully ⅛ pence on receipt of advance from the United States by the Arabia, but Manchester now having responded to the improvement of the feeling, gradually declined and market closed firm at last week's rates.

Flour, after an advance of 6d to 1s per bbl, had receded and closed dull at early last week's quotations.

Indian Corn closed quiet and steady.

Red Wheat 8s9da9s6d for 70 pounds; white 8s10d to 9s6d; western canal flour unsaleable at 29a32s per bbl; Balt. 29s6d to 30s6d; extra Ohio 31a32s.

Mixed Corn 34s6da35s; yellow 35s6d, white 37a38s.

The weather had been cold and dry, but a thunder storm on the 15th had brought a change for the better.

Beef in very limited demand at previous rates.

Pork dull.

Bacon had sold in moderate quantities at a little under last week's prices.

Lard continued quiet at 65a66.

American stocks at 55a68. American stocks in active demand without change.

Money, although unchanged, tending toward greater ease.

The stock bullion in the Bank of England has increased £219,500.

The Spring Fair at Leipsic is now over and has not been as good as anticipated. The quantity of cloth taken to the fair was 160,000 of all qualities, and about 16,000 of them were sold. Cotton and woolen fabrics which in previous fairs were in demand for the American Colonies and Moldavia and Wallachia were neglected. Fabrics of Thibet and merino wool were in demand and rose 30a50c per ell. Printed calicoes declined largely, also fabrics of goats hair and bareges, and printed woolens on the contrary rose from 10 to 15 per cent., and were nevertheless almost all bought up for Russia and Poland. Silks were neglected, partly on account of their dearness and on account of the absence of American, Russian and Wallachian buyers.

In the British Parliament there had been intense interest. The discussion on the African trade took place in the House of Lords. In the House of Commons Lord Palmerston gave notice that he would bring in a bill to remodel Parliamentary acts, to omit the words on the true faith of a christian, and, thereby, to admit Jews into Parliament. Leave was given to bring in the bill.

PRESBYTERIAN GENERAL ASSEMBLY—6th day P. M. Session.—Consideration of report of education committee.

Seventh day—A. M. Session.—Rev. Mr. Black, delegate from Gen. Synod of Reformed Presbyterian Church of North America, present, addressed the Assembly. He presented as a basis of correspondence with General Assembly, those resolution, which were rejected by his Synod, when offered by the General Assembly of 1825. The Reformed Presbyterian Church holds no communication with the slave holders, and hopes that the New School will yet hold the same ground, but leaves it with that church to decide. Gen. Synod has drawn up a covenant to present Evangelical Alliance at Berlin, Prussia, this year, and intends to present all Protestant Churches so as to bind by wrath God, to sustion principles of Protestant reformation forever. Resolutions of Protestant reformation forever. Resolutions were referred to Committee on Church policy.—Church extension Committee report was read and accepted. A sharp discussion on Synodical records of Mississippi, between McLane of Miss., and Lockwood of New York, which occupied the remainder of the session.

THREE P. M. REPORT.

New Orleans, May 27.

The Empire City arrived at her wharf at 7 o'clock. 10,000 persons were present. General Walker accompanied by Col. Jacques, Mr. Fitcher, and Mr. Turner, agent of the associated press, proceeded in a carriage to the St. Nicholas Hotel, where Walker spoke expressing his thanks for kind reception, recognizing in their manners the American love for liberty, and assuring them that victory was still sure. The greatest excitement exists in the city; the St. Charles is besieged by thousands.

Walker spoke twice; the reason he surrendered, was because Capt. Davis signified his intention of seizing the schooner Grenada, which held Walker's reserve. Walker was kept prisoner by the U. S. Commodore at Panama, not withstanding the terms of capitulation, which allowed himself and officers to retain their side arms and liberty. Lieut. Strain died at Aspinwall, on the 10th inst.

Nothing important from California.

The papers discredit the report of Crabb's defeat and execution.

WASHINGTON, May 28.

Mr. Key, U. Attorney for this district, informed the Circuit Court this morning, that the government does not desire to detain Mr. Jenkins, Consul to Navigator's Island, in custody, on charge of piracy, preferred against him by Dr. Van Camp, as the warrant for his arrest was obtained from a justice of the peace, without consultation with any officer of the government or U. ARCHITECTS AND BUILDERS
ATTENTION!
W. E. CHILDS & CO.,
New Roofing Material!

PATENT FIRE AND WATER PROOF

ELASTIC CEMENT ROOFING!

THE UNDERSIGNED are prepared to contract and put on in this city and throughout the State of Wisconsin, W. E. Childs & Co.'s Elastic Fire and Water Proof Cement Roofing, it being the only article yet invented that will successfully resist the action of the atmosphere in every climate. It is perfectly *Fire and Water Proof*—is a non-conductor of electricity, and in point of durability it is equal, if not superior to any Metallic Roofing. It is perfectly *elastic and flexible*. It contracts and expands with the change of the atmosphere, and will neither evaporate, crack, melt or rot; and there can be no question of its *durability*.

This Roofing is Practically Imperishable.

It will perfectly resist any ordinary external exposure to fire, as is abundantly testified, and we will warrant it water proof.

We will engage to put it on over ordinary good sheathing, old shingles, tar and gravel, tin, zinc, copper, or iron roofs—it making no difference how steep or flat they may be—for six dollars per one hundred square feet. It will also be found to be the best thing ever invented to cover the decks of vessels, Rail Road cars, depots and bridges, and to cover or mend old leaky tin, tar and gravel roofs, or to use around chimneys, scuttles, dormer windows and gutters, where the tin or other metals are rusted through.

This cement can be put on to last as long as stone, and will form a perfect adhesion to the object to which it is applied, such as wood, metal, brick or stone. Tin and other metal roofs can be painted over—warranted not to leak—at three dollers per ten feet square, which is cheaper and far more durable than paint. As this roof is perfect (without a joint in it) it presents no chance for fire to communicate, and any light substance will burn out without igniting. It is now being generally introduced in New York, Boston, Philadelphia and other large Eastern and Southern cities, and has met with general adoption throughout the Western cities, and having superceded all others at Cincinnati, where it was first used, and where there are many roofs that were put on three years ago, all of which are now perfect.

We invite all who are building, and also those who wish their roofs repaired, to call at our office, No. 240 Main Street, 1st door North of Wisconsin, and to examine samples. We refer to the following gentlemen:

CINCINNATI, May 2, 1857.

MESSRS. J. CARLISLE & Co., Milwaukee, Wis:—

In justice to yourselves and the merits of your "W. E. Childs & Co's Patent Elastic Fire and Water Proof Cement Roof," we take great pleasure in making the following statement:—We have been engaged practically, all our lives, in building, and are well acquainted with all the Patent Roofs generally, and erroneously classed yours with the current humbugs of the day. We are now satisfied, from a scrutinizing investigation, that your roof is the very best of which we have any knowledge, (not excepting metal roofs of any kind,) because of its extreme lightness in weight and elasticity of texture. We are recommending it to all for whom we build. From a specimen of two years standing which we have seen, we are satisfied that it is practically imperishable, and as far as weather mildness are concerned, will out last the most substantial building. Its fire and water proof qualities are unquestionable.

Yours Respectfully,
J. & D. DeCAMP, Builders.

CINCINNATI, 5th Month, 5th Day, 1857.

MESSRS. CARLISLE & Co.,

You having requested my opinion about W. E. Childs & Co's Patent Elastic Cement Roofing, in answer to your request, I can state I have used the Cement in several buildings of my own; which have stood the test of the hottest and most intense cold weather of last year, without being effected, I give it as my decided opinion, that it is the best and most perfect roof now in use. Among its desirable qualities is that of being so completely water-tight around the fire-wall, hatches, chimneys, &c., and clear from danger of fire by sparks or outer-flames.

EZRA BAILY.

OFFICE OF THE CIN. HAMILTON & DAYTON R. R. Co., }
Cincinnati, May 1st, 1857. }

MESSRS. J. CARLISLE & Co.—

Dear Sirs—My opinion has frequently been asked of W. E. Childs & Co's Patent Cement Roofing. I have no interest in the article, directly or indirectly, but feel a desire to see a good thing generally introduced.

During the past year I have used it on my Main street building, and find it a very great improvement on all cements heretofore in use in our city. Many of our first class buildings have recently been covered with it, and I have heard many of the owners speak in high praise of the article. We are at this time covering some of our cars with this cement.

Yours truly,
S. S. L'HOMMEDIEU,
President of Cin. & Ham. Dayton R. R. Co.

CINCINNATI, May 4th, 1857.

This is to certify that we have used W. E. Childs & Co's Patent and Fire Proof Cement, on the Passenger and Freight Cars of the Cin. Hamilton & Dayton R. R., and find it to answer the purpose better than any kind of roofing we have ever tried. I would recommend it to all Railroad companies as the most desirable and safe roofing that can be applied to the roofs of Passenger or Freight cars.

DANIEL McLAREN,
Sup't. of Motive Power Cin. Ham. & Dayton R. R. Co.

CINCINNATI, May 1st, 1857.

Having examined the Cement Roofing patented by W. E. Childs & Co., and now being put on by them, I feel confident in stating that it is superior to any roof ever before tried in this city. It presents a neat clean surface, is very elastic, and seems to have all the qualities the inventor claims for it.

JAMES W. McLAUGHLIN, Architect.

OFFICE OF BUCKEYE STATE IN. Co., }
Cincinnati, Dec. 16, '56. }

To all whom it may concern:

This is to certify that I have examined specimens and roofs of W. E. Childs & Co's "Elastic Fire and Water Proof Cement Roofing," and believe it to be eminently superior to any other kind of Roofing in use. I was an eye-witness of a severe trial of one of these roofs from a large volume of flame from an adjoining building, which struck directly upon the roof and cornice for nearly half an hour. It stood the trial beyond all expectation and saved the building. Yours,

T. M. HASKELL,
President Buckeye State Insurance Co.

CINCINNATI AGENCY, ROYAL IN. Co., }
February 6, 1857. }

I have examined W. E. Childs & Co's Elastic Fire and Water Proof Cement Roofing, and as far as I can judge, consider it a great invention, and am willing to insure buildings thus protected upon the same terms as I insure those covered by metal.

JOHN S. LAW,
Agent Royal Ins. Co., London and Liverpool.

And many other testimonials that can be seen by calling on us.

The Cement will be furnished in large or small quantities to those wishing it, residing out of the city, with printed directions for applying it.

Orders sent to us through the Post Office will be promptly attended to. Application may be made to us for the purchase of rights in Counties or towns throughout this State, in which to use the above roofing.

SALOM'S
MERCANTILE COLLEGE!
A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed. The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, which recently allowed him to examine their books, besides explaining many original plans for economising labor, which, adopted a century, in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

ENGLISH AND MERCANTILE
ACADEMY,
No. 40 Wisconsin Street, Milwaukee, Wisconsin

THE PRINCIPAL RESPECTFULLY informs the Public that the Winter Term of this School commences, Monday, December 8th, 1856.

This Institution, has been in successful operation for seven years. The Academic year comprises 4 terms of 11 weeks each, the first commencing on the 2d Monday of September.

The whole number of Students in attendance at present 62.

PRIMARY DEPARTMENT.

A competent Female has charge of this department, and children are received at any age.

THE LADIES' DEPARTMENT
IN A SEPARATE ROOM.

Young Ladies recite in Prof. L.'s classes in English Grammar, Rhetoric, Composition, &c., and are taught a neat and fashionable style of Writing. Instruction is given in Embroidery, Drawing, Music, Latin and German, and scholars are taught to read, write and converse in French daily.

COMMERCIAL DEPARTMENT.

This department is under the immediate charge of Prof. Labigo. Instruction is given in all the branches of a thorough English and Commercial Education, including the Higher Mathematics, French, Latin and German Languages, and is designed to prepare youth for college or for business life. Perfect facilities are afforded to young gentlemen for acquiring, in the most expeditious manner, a thorough knowledge of Commercial Science as practically employed in the Counting Rooms and Business pursuits generally.

The Full course embraces the most approved and practical forms for keeping Books by Double Entry, in the various departments of Trade and Commerce, including general Wholesale and Retail, Mercantile Exchange, Commission, Shipping, Individual Partnership and Compound, Company Business with Commercial Correspondence in English, French and German. The Student is taught to copy all manuscripts in a bold and rapid hand, which serves as a great auxiliary to him in securing an excellent style of writing—a hand writing in every respect adapted to business pursuits is also warranted to every student who takes a full course with a Diploma.

Through the extensive business acquaintance of the Principal, many of his students obtain profitable situations.

Lady's and Gentlemen's French Class at 4½ P. M.—Latin Class at 7½ A. M.; German Class at 5 P. M. Evening Classes in Book-Keeping, Writing, &c., from 7 to 10.
☞ Students admitted any time, day or evening—for further information see Circulars.
dec4-d184-dly C. F. LABIGO, Principal.

LESSONS IN
Foreign Languages.

MR. AND MRS. L. S. R. DE CRESTA, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of those languages, can receive lessons in Reading and Conversation, Mr. De Cresty furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRESTY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Cresty will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of those different exercises upon their health.

The continued patronage of the public is respectfully solicited.

TO MERCHANTS.—Mr. DE CRESTY will take charge of french correspondence to all the principal cities of France and will procure all Price Currents that they may want.

RUSSELL'S PATENT MASTIC
ROOFING.
Patented February 12th, 1856.

THE Mastic Roofing has been thoroughly tested for the last four years, and found in every respect to be all and even more than was represented, excelling by far all others now in use, Tin and Slate not excepted, in its adaptation to steep and flat Roofs, Rail Road Cars, Foundries, &c.

We are well aware, that in offering a new Invention to the public it must meet with some opposition but it should stand or fall upon its own merits. Our preparation is entirely different from any before known. We use a heavy Canvas, and saturate it with a water-proof compound before laying on the roof. On this we put a heavy cement which also renders it

FIRE-PROOF.

By this preparation it makes a much heavier and more desirable Roof than any other Cement Roofing now known.

For References see Circulars; and the Roofing can be seen on Alderman Pinckington's Candle Factory, and on the Phoenix Building.

The above Invention was made by C. C. Hoff, of Albany N. Y. The Right and Interest to said Invention was purchased by E. P. Russell of Manlius, N. Y., and Letters Patent were obtained by him February 12th, 1856, and was awarded the first Premium and Diploma at the Albany Co. Fair in the Fall of '56. We are authorized Agents for the sale of Town and County Rights in the West.—Those who may wish to engage in a highly profitable business with a small capital are earnestly desired to call. ANNOUNCEMENT.
IN consequence of ill-health, I have felt it my duty under the advice of my physician, to give up business entirely. I have sold out my stock of Books, Stationery, &c., to Henry Kempshall, who has been with me during the past year, and for the four previous years with Messrs. D. Appleton & Co., of New York.

It is with no ordinary regret that I relinquish a pleasant and successful business, and close the connections which have existed between myself and my customers.

In Mr. Kempshall, I am assured that my old friends and patrons will find a thorough business man, who will treat them courteously, deal honorably, keep a good stock, and sell at reasonable prices.

N. B. All accounts for or against me will be settled by him. ARCHIBALD WILSON.
Milwaukee, March 30, 1857.

Having purchased the stock of Mr. Archibald Wilson, and his interest in the bookselling business in this city, I propose to continue the same at the old stand, and shall endeavor, by keeping at all times a full and desirable assortment, and by careful attention to business, to merit patronage from both old and new customers.

Jouven's Inodorous Preparation
FOR INSTANTLY
CLEANING KID GLOVES
of any color and for
BEAUTIFYING THE COMPLEXION,
PRICE 25 CENTS PER BOTTLE.
One Bottle Cleans Fifty Pair of Gloves!

JOUVEN'S Inodorous Kid Glove Cleaner is the article used by the Kid Glove manufacturers of France to impart that purity and softness to the kid for which their gloves are so justly celebrated. When the glove leave the hand of the wearer, it is naturally more or less soiled, and this preparation is required to cleanse and beautify it. To clean Kid Gloves, no matter how much soiled, what color they are, dip a piece of white flannel in the preparation, and with it wipe off the dirt from the glove, and in a moment it [illegible] pure and beautiful as when new, and as the [illegible] odor proceeds from [illegible], the glove can be immediately worn. Full directions accompany each bottle.

It is also the finest article in the world for cleaning Kid Slippers, &c., and if used for the toilet, will greatly beautify the complexion, remove tan and pimples of all kinds. The Ladies of Louis Napoleon's Court use it exclusively [illegible] any other, for this purpose. Beware of Counterfeits. The well known name of Solomon Content, as sole manufacturer, is on all the labels on the genuine article, all others are spurious. MEDICAL.

R. R. R.

THE MEDICAL TRINITY.

EACH of Radway's Three Remedies possess special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designed for, the system undergoes a rapid transformation from its diseased condition to healthy and happy state of existence.

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally, for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammations and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Tooth-ache, Burns, Sprains, Strains, &c.* It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventive for *Fever and Ague, Scarlet Fever, Smallpox, Croup Hoarseness, Colds and Influenza.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind, there is no pain so severe but that Radway's Ready Relief will stop, and no system so crippled with infirmities but that the R. R. R. Remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalize its circulation.

One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Billiousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood, but by its disturbed circulation, and the irregular action of the *heart.* Now a dose of Radway's Regulators will correct all these difficulties—they will *correct* the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalize* the circulation of the blood. Mere purging in those cases will only aggravate the disease.

Radway's Regulators not only *regulate* the bowels, by which all diseased and injurious matter is purged from *the body,* but they control the whole system, and, *force,* each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out all diseased humors and deposits from the diseased and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to feel good—they make one feel so happy.*

RADWAY'S RENOVATING RESOLVENT.

Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes, Tumors, Fever Sores, Skin Eruptions, Blotches, Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis, Consumption, Apoplexy, &c., and all constitutional and chronic diseases either inherited by hereditary transmission, or inoculated by exposure or otherwise.

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hammond, of 196 East Thirty-Second st., had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat, or become afflicted with influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.

Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which a fast and intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from these horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

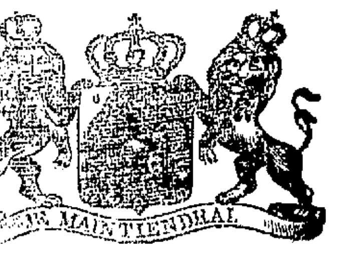
BOERHAVE'S
HOLLAND BITTERS



THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, week and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
